

# Minor Projects

## Minor Projects AWS:

The screenshot shows the Amazon S3 console interface. At the top, there's a navigation bar with the AWS logo, 'Services' menu, a search bar, and user information. The main content area has a dark blue header with 'Storage' and 'Amazon S3' text, followed by the tagline 'Store and retrieve any amount of data from anywhere'. Below this, there's a 'How it works' section with a video thumbnail titled 'Introduction to Amazon S3'. To the right, there's a 'Create a bucket' section with a brief explanation and a 'Create bucket' button. Below that is a 'Pricing' section with information about fees and a 'Simple Monthly Calculator' link. The footer contains links for CloudShell, Feedback, and copyright information.

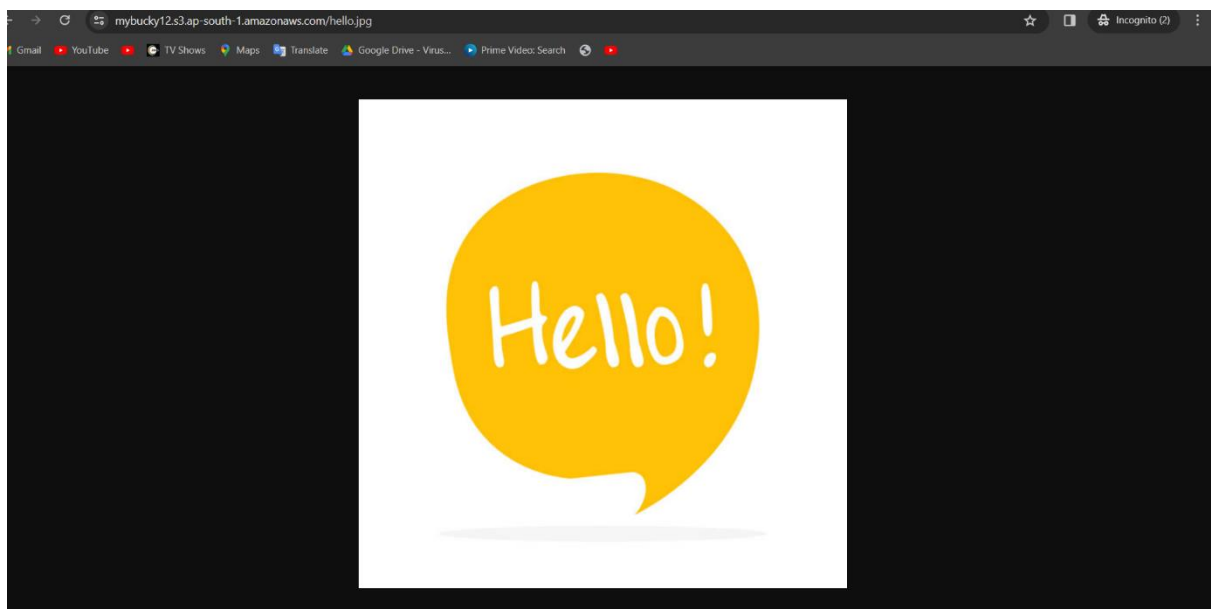

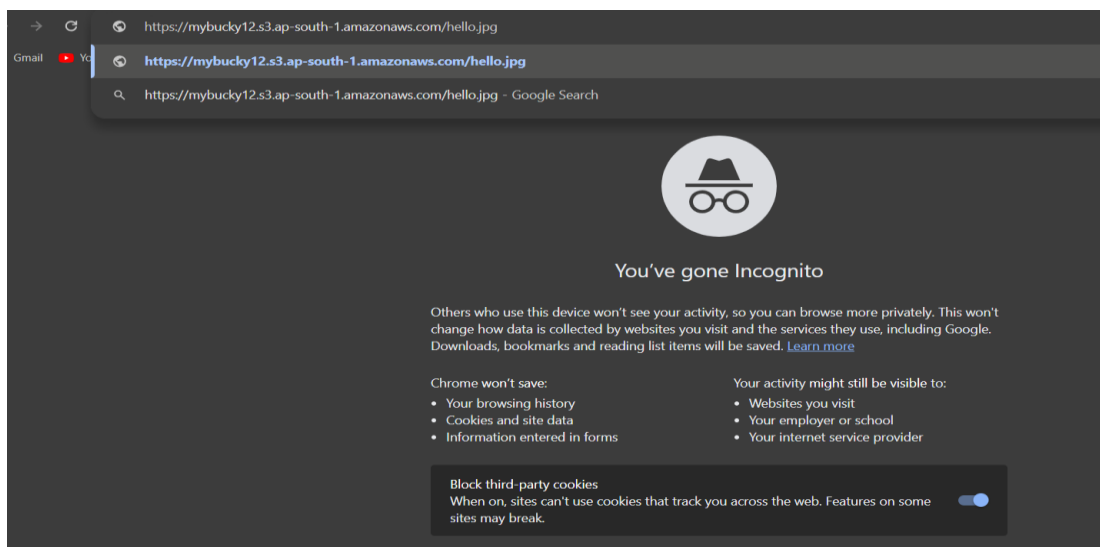

This screenshot displays the 'mybucky12' bucket page in the Amazon S3 console. The breadcrumb navigation shows 'Amazon S3 > Buckets > mybucky12'. The bucket name 'mybucky12' is prominently displayed with an 'Info' link. Below the name is a tabbed interface with 'Objects' selected. The 'Objects' section shows a list of objects, currently containing one object named 'hello.jpg'. Above the list are various action buttons like 'Copy S3 URI', 'Copy URL', 'Download', 'Open', 'Delete', 'Actions', 'Create folder', and 'Upload'. A search bar is provided to find objects by prefix. The table has columns for Name, Type, Last modified, Size, and Storage class.

| <input type="checkbox"/> | Name      | Type | Last modified                       | Size    | Storage class |
|--------------------------|-----------|------|-------------------------------------|---------|---------------|
| <input type="checkbox"/> | hello.jpg | jpg  | April 8, 2024, 15:09:09 (UTC+05:30) | 18.3 KB | Standard      |

This screenshot shows the 'Bucket policy' section for the 'mybucky12' bucket. It includes an 'Edit' button and a 'Delete' button. Below the buttons, there's a text area containing the JSON policy document. A 'Copy' button is located to the right of the JSON text.

## Minor Project Azure:

**Check with your bank. Your bank couldn't authorize this payment method.**

[Try again.](#)

I've tried multiple debit cards for the subscription but haven't been able to resolve the issue, impacting the completion of the project. Could you please offer guidance on how to address this?
